

# **Index to “Photographs of Vanuatu, circa 1940-1945” (PHOTOGRAPH P00030)**

Compiled by Stu Dawrs 12 March 2012.

Photos are listed as they are arranged in the physical collection. “Item Number” refers to the number added to each photo by Pacific Collection librarian at time of cataloging, to indicate the collection arrangement. “Date” refers to date of photograph, if included with photo. “NARA #” refers to a handwritten number that appears on the verso of each photo. Where a caption has been included on verso of the photo, it is included under the “Caption” heading. The “Other Notes” heading refers to the two-page, handwritten index that was included with the photos at time of donation; this handwritten index does not include information for every photo. In cases where additional information or notation has been added (by Stu Dawrs), this text appears in brackets [].
